- CVC Words
- CCVC & CCVC
- Digraphs
- Bossy e
- Vowel Teams
- Double Consonants
- Diphthongs
- R-Controlled Vowels

WHAT IS WORD MAPPING?

Step 1:

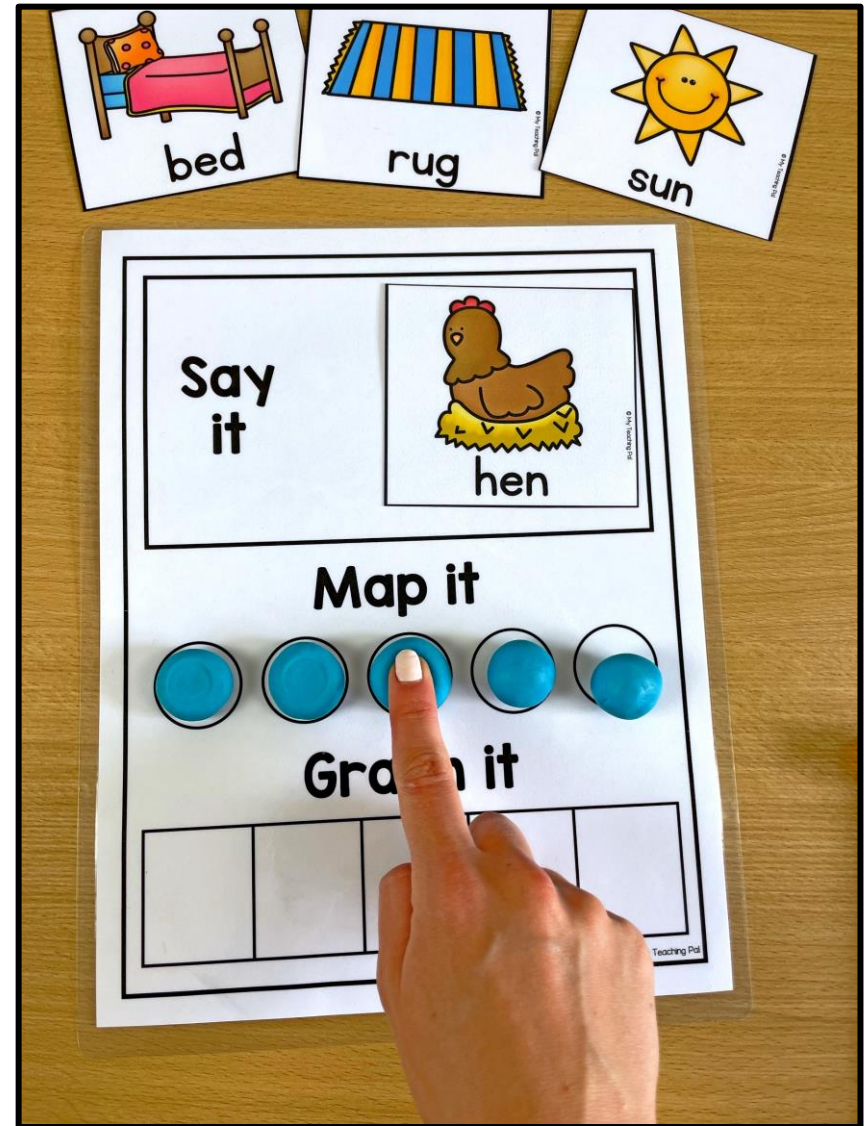

To begin, students place a picture on the mat, point to it and say the picture name.

WHAT IS WORD MAPPING?

Step 2:

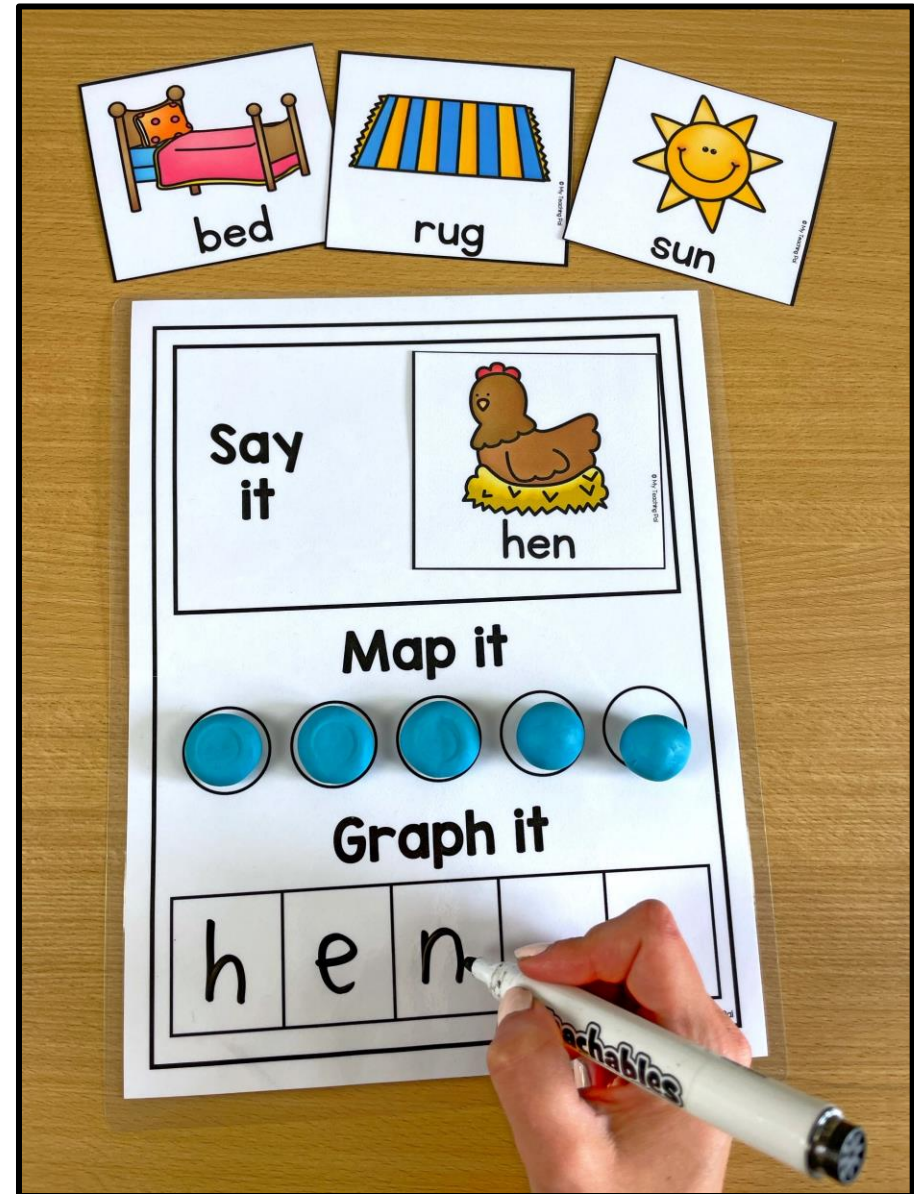

Then students map out the sounds they can hear in the word. They do this by tapping a circle for each sound. E.g. h – e – n. You can use playdough, counters or even leave the circles bare and have students tap them.

WHAT IS WORD MAPPING?

Step 3:

Next, students write the letters (graphemes) in the Elkonin boxes that represent each phoneme they said aloud. Finally, they read the word aloud.

MULTIPLE OPTIONS

chest

ship

cash

Say it

fish

Map it

Graph it

f i sh

A hand is using a white marker to write the word 'fish' in a grid. The grid has four columns and one row. The first three columns contain the letters 'f', 'i', and 'sh' respectively. The fourth column is empty. A hand is holding a white marker and writing the letter 'h' in the fourth column. There are three red circles above the 'f', 'i', and 'sh' columns, and two empty white circles above the fourth column. An arrow points from the second empty circle to the 'h' in the grid.

bed

rug

sun

Say it

hen

Map it

Graph it

h e n

A hand is using a white marker to write the word 'hen' in a grid. The grid has three columns and one row. The first three columns contain the letters 'h', 'e', and 'n' respectively. The fourth column is empty. A hand is holding a white marker and writing the letter 'n' in the fourth column. There are five blue circles above the 'h', 'e', and 'n' columns, and two empty white circles above the fourth column. An arrow points from the second empty circle to the 'n' in the grid.

Can use counters, playdough or tapping for the word mapping circles.
